Botanical gazette, 1880, v, 4.

——— The longevity of trees. (*In his* Scientific papers, 1889, ii, 71–124.)

——— A manual of the botany of the northern United States, from New England to Wisconsin and south to Ohio and Pennsylvania inclusive, (the mosses and liverworts by W. S. Sullivant); arranged according to the natural system. With an introduction, containing a reduction of the genera to the Linnæan artificial classes and orders, outlines of the elements of botany, a glossary, etc. Boston, *etc.* 1848. l. 12°. pp. lxxii, 710.

——— *The same.* 2d ed., including Virginia, Kentucky, and all east of the Mississippi. New York. 1856. l. 12°. pp. xxviii, 739. 14 plates.

——— *The same.* Revised ed. New York. 1857. l. 12°. pp. xxiv, 631+. 6 plates.
"School and college ed."

——— *The same.* Revised ed. New York, *etc.* 1858. l. 12°. pp. xxiv, 606, [29]. 6 plates.
"School and college ed."

Gray, Asa. *The same.* Revised ed. New York, *etc.* 1859 [cop. 1857]. l. 12°. pp. xxviii, 739. 14 plates.

——— *The same.* 3d revised ed., with Garden botany, &c. New York, *etc.* 1862. l. 12°. pp. xcviii [cii], 606, [29]. 14 plates.
"School and college ed."

——— *The same.* 4th revised ed. New York, *etc.* 1863. l. 12°. pp. cii [cvi], 743 [741]. 22 plates.

——— *The same.* 4th revised ed. New York. 1863. l. 12°. pp. cii [cvi], 743 [741]. 22 plates.

——— *The same.* 5th ed. New York, *etc.* 1867. 8°. pp. 701. 20 plates.

——— *The same.* 5th ed. 8th issue. New York, *etc.* 1872 [cop. 1867]. l. 12°. pp. 703. 20 plates.

——— *The same.* 6th ed., revised and extended westward to the 100th meridian, by Sereno Watson and J. M. Coulter, assisted by specialists in certain groups. New York, *etc.* 1890. 8°. pp. [6], 760+. 25 plates.

——— *The same.* 6th ed., [with additions and corrections]. New York, *etc.* [1891.] l. 12°. pp. [6], 760 [764]+. 25 plates.

——— *The same.* 7th ed., rearranged and extensively revised by B. L. Robinson and M. L. Fernald. New York, *etc.* [1908.] 8°. pp. 926. Illustr.

——— Memoranda of a revision of the North American violets. [Crawfordsville, Ind.] 1886. 8°.
Botanical gazette, 1886, xi, 253–256, 289–293.

——— Memorial of Edward Tuckerman. [New Haven. 1886.] 8°.
"From the *American journal of science*," 1886, 3d ser., xxxii, 1–7.

——— Memorial of George Bentham. [New Haven. 1885.] 8°.
"From the *American journal of science*," 1885, 3d ser., xxix, 103–113.

——— Miscellaneous botanical contributions; [notes and characters relating mainly to Californian botany. Boston. 1876]. 8°.
"Extracted from the *Proceedings of the American academy of arts and sciences*," 1876, xi, 71–104.

——— Miscellaneous botanical notes and characters. [Boston, *etc.* 1873.] 8°.
"Extracted from *Proceedings of the American academy of arts and sciences*," 1873, viii, 282–296.

——— Moses Ashley Curtis. (*In his* Scientific papers, 1889, ii, 351–353.)

——— Nathaniel Bagshaw Ward. (*In his* Scientific papers, 1889, ii, 349–350.)

——— Natural science and religion. Two lectures delivered to the Theological school of Yale college. New York. 1880. 8°.

——— Neviusia, a new genus of Rosaceæ. [Cambridge, *etc.* 1859.] 4°. Plate.
Memoirs of the American academy of arts and sciences, 1859, new ser., vi, 373–376.

——— A new species of Erythronium [E. propullans. Salem. 1871]. 8°. Illustr.
"From the *American naturalist*, 1871," v, 298–300.

——— Note on the affinities of the genus Vavæa *Benth.*, also of Rhytidandra *Gray.* Cambridge. 1855. 4°.
"From the *Memoirs of the American academy of arts and sciences*," 1855, new ser., v, 329–336.

——— Note upon Carex loliacea *Linn.*, and C. gracilis *Ehrh.* [New Haven. 1847.] 8°.
"From the *American journal of science and arts*," 1847, 2d ser., iv, 19–22.

——— Note on the coiling of tendrils. [Boston. 1857–60.] 8°.
Proceedings of the American academy of arts and sciences, 1857–60, iv, 98–99.

——— Note on the genus Buckleya. [New Haven, *etc.* 1854.] 8°.
American journal of science and arts, 1854, 2d ser., xviii, 98–100.

——— *The same, reprinted.*

——— Note on the genus Graphephorum *Desv.*, and its synonymy. [Kingston. 1861–62.] 4°.
Annals of the Botanical society of Canada, 1861–62, i, 55–57.

——— *The same.* [Boston, *etc.* 1862.] 8°.
Proceedings of the American academy of arts and sciences, 1862, v, 190–191.

——— Note on Nemacladus *Nutt.* [London. 1875.] 8°. pp. 2.
"Extracted from the *Linnean society's journal — Botany*," 1875, xiv, 28–29.

——— Note on the parasitism of Comandra umbellata. [New Haven, *etc.* 1853.] 8°.
American journal of science and arts, 1853, xvi, 250–251.

——— Note on a regular dimerous flower of Cypripedium candidum. [New Haven. 1866.] 8°.
American journal of science and arts, 1866, 2d ser., xlii, 195.

——— Note on Shortia. See Sargent, C. S. Some remarks upon the journey of André Michaux to the high mountains of Carolina, 1788.

——— Notes on Acnida. [Boston, *etc.* 1876.] 8°.
American naturalist, 1876, x, 487–493.

——— Notes of a botanical excursion to the mountains of North Carolina, &c. with some remarks on the botany of the higher Alleghany Mountains, in a letter to Sir W. J. Hooker. [New Haven. 1842.] 8°.
"From the *American journal of science and arts*," 1842, xlii, 1–49.

——— Notes on Compositæ and characters of certain genera and species, etc. [Boston, *etc.* 1873.] 8°.
Proceedings of the American academy of arts and sciences, 1873, viii, 631–661.

——— *The same.* [Pt. ii. Boston. 1874.] 8°.
"From *Proceedings of the American academy of arts and sciences*," 1874, ix, 187–218.

——— Notes on the history of Helianthus tuberosus, the so-called Jerusalem artichokes. See Trumbull, J. H., and Gray, Asa.

——— Notes on Labiatæ. [Boston, *etc.* 1873.] 8°.
"From *Proceedings of the American academy*," 1873, viii, 365–372.

——— Notes on the movements of the androecium in sunflowers. [Philadelphia. 1884.] 8°.
Proceedings of the Academy of natural sciences of Philadelphia, 1884, pp. 287–288.

——— Notes on Myosurus. [New York. 1886.] 8°.
Bulletin of the Torrey botanical club, 1886, xiii, 1–4.

——— Notes upon the plants collected on the Commander Islands, Bering and Copper Islands, by Leonhard Stejneger. [Washington. 1885.] 8°.
Proceedings of the United States national museum, 1885, vii, 527–529.

——— Notes upon a portion of Dr. Seemann's recent collection of dried plants gathered in the Feejee Islands. [Boston, *etc.* 1861.] 8°.
"Extracted from the *Proceedings of the American academy of arts and sciences*," 1860–62, v, 314–320.

——— Notes on some North American species of Saxifraga. [Boston. 1885.] 8°.
Proceedings of the American academy of arts and sciences, 1885, xx, 8–12.

[———] Notes upon some Polynesian Loganiaceæ. [Boston, *etc.* 1859.] 8°.
"Extracted from the *Proceedings of the American academy of arts and sciences*," 1857–60, iv, 319–324.

——— Notes upon some polypetalous genera and orders. [Boston. 1888.] 8°.
"From the *Proceedings of the American academy of arts and sciences*," 1888, xxiii, 223–227.

——— Notes upon some Rubiaceæ, collected in the United States South-Sea exploring expedition under Captain Wilkes, with characters of new species, &c. [Boston, *etc.* 1858–59.] 8°.
"Extracted from the *Proceedings of the American academy of arts and sciences*," 1857–60, iv, 33–50, 306–318.

[———] Notice of the botanical writings of C. S. Rafinesque. [New Haven. 1841.] 8°. pp. 21.
"From the *American journal of science and arts*," 1841, xl, 221–241.

[——— translator.] Notice of the life and labors of De Candolle. See Martius, K. F. P. von.

Gray, Asa. Notice of a new genus of plants, of the order Santalaceæ [Darbya. New Haven. 1846]. 8°.
American journal of science and arts, 1846, 2d ser., i, 386–389.

——— *The same, reprinted.*

——— A notice of some new, rare, or otherwise interesting plants, from the northern and western portions of the state of New York. [New York. 1828–36.] 8°.
Annals of the Lyceum of natural history of New York, 1828–36, iii, 221–238.

——— Notices of botanical literature, &c. [New Haven. 1852.] 8°.
American journal of science and arts, 1852, 2d ser., xiii, 42–53.

[———] Notices of European herbaria, particularly those most interesting to the North American botanist. [New Haven. 1840.] 8°.
American journal of science and arts, 1840, xl, 1–18.
Signed "A. G."

[———] Obituary notices of Brown and Humboldt; from the report of the Council of the Academy [of arts and sciences] for 1859. [New Haven. 1859.] 8°.
American journal of science and arts, 1859, 2d ser., xxviii, 161–165.

——— editor.] On the origination and distribution of species. See Hooker, Sir J. D

[———] Oswald Heer. [Boston. 1884.] 8°.

——— Our wild gooseberries. [Boston, *etc.* 1876.] 8°.
American naturalist, 1876, x, 270–275.

——— The pertinacity and predominance of weeds. [New Haven. 1879.] 8°.
"From the *American journal of science and arts*," 1879, 3d ser., xviii, 161–167.

——— Phanerogamia. Vol. 1. New York. 1854. pp. [4], 777, and atlas of 100 plates, 1857, f°. (*In* Wilkes, Charles. United States exploring expedition, 1854–57, xv.)

——— A pilgrimage to Torreya. (*In his* Scientific papers, 1889, ii, 189–196.)

——— Plantæ Fendlerianæ novi-mexicanæ. An account of a collection of plants made chiefly in the vicinity of Santa Fé, New Mexico, by Augustus Fendler; with descriptions of the new species, critical remarks, and characters of other undescribed or little known plants from surrounding regions. [Cambridge, *etc.* 1849.] 4°.
Memoirs of the American academy of arts and sciences, 1849, new ser., iv, 1–116.
A part of the work only.

——— Plantæ Lindheimerianæ. See Engelmann, George, and Gray, Asa.

——— Plantæ novæ Thurberianæ. The characters of some new genera and species of plants in a collection made by George Thurber, chiefly in New Mexico and Sonora. Cambridge. 1854. 4°.
"From the *Memoirs of the American academy of arts and sciences*," 1855, new ser., v, 297–328.

——— Plantæ Wrightianæ texano-neo-mexicanæ. An account of a collection of plants made by Charles Wright in an expedition from Texas to New Mexico, in the summer and autumn of 1849, with critical notices and characters of other new or interesting plants from adjacent regions, &c. 2 pt. (in 1 vol.). Washington, *etc.* 1852–53. f°. 14 plates. (Smithsonian contributions to knowledge, 3, 4.)
I. 1852. pp. 146.— II. 1853. pp. 119.

——— Plates prepared between the years 1849 and 1859, to accompany a report on the forest trees of North America. See [Sprague, Isaac].

——— Reconstruction of the order Diapensiaceæ. [Boston, *etc.* 1873.] 8°.
"Extracted from *Proceedings of the American academy of arts and sciences*," 1873, viii, 243–247.

——— Remarks concerning the Flora of North America. [New Haven. 1882.] 8°.
"From the *American journal of science*," 1882, 3d ser., xxiv, 321–331.

——— Remarks chiefly on the synonymy of several North American plants of the Orchis tribe. [New Haven. 1840.] 8°.
American journal of science and arts, 1840, xxxviii, 306–311.

——— Remarks on Menodora *Humb. & Bonpl.*, and Bolivaria *Cham. & Schlecht.* [New Haven. 1852.] 8°.
"From the *American journal of science and arts*," 1852, 2d ser., xiv, 41–45.

——— Remarks on the progress of discovery relative to vegetable fecundation. See Corda, A. K. J. Contributions to the doctrine of the impregnation of plants.

——— Remarks on the structure and affinities of the order Ceratophyllaceæ. New York. 1837. 8°.
"From the *Annals of the Lyceum of natural history*," 1848, iv, 41–50.

——— Report on the botany of the expedition [under the command of John Pope]. See Torrey, John, and Gray, Asa.

——— Report on the botany of the expedition [under the command of J. W. Gunnison]. See Torrey, John, and Gray, Asa.

——— Review of the genus Mertensia. See his "Enumeration of the plants [collected in the Rocky Mountains by C. C. Parry]."

——— A revision and arrangement, mainly by the fruit, of the North American species of Astragalus and Oxytropis. [Boston, *etc.* 1864.] 8°.
"Extracted from the *Proceedings of the American academy of arts and sciences*," 1862–63, vi, 188–236.

——— Revision of the Erigoneæ [*sic*]. See Torrey, John, and Gray, Asa.

——— Revision of the genus Castilleia. See his "Enumeration of the plants [collected in the Rocky Mountains by C. C. Parry]."

——— A revision of the genus Forestiera. [Boston, *etc.* 1859.] 8°.
Proceedings of the American academy of arts and sciences, 1857–60, iv, 363–366.

——— Revision of the genus Symphoricarpus. [London. 1875.] 8°.
"Extracted from the *Linnean society's journal — Botany*," 1875, xiv, 9–12.

——— Revision of the North American Polemoniaceæ. [Boston, *etc.* 1873.] 8°.
"Extracted from *Proceedings of the American academy of arts and sciences*," 1873, viii, 247–282.

——— Revision of the North American species of the genus Calamagrostis, sect. Deyeuxia. [Boston, *etc.* 1862.] 8°.
"Extracted from the *Proceedings of the American academy of arts and sciences*," 1862–63, vi, 77–80.

——— A revision of the North American species of the genus Oxytropis *DC.* [Boston. 1885.] 8°.
Proceedings of the American academy of arts and sciences, 1885, xx, 1–7.

——— Robert Wight. (*In his* Scientific papers, 1889, ii, 356–357.)

——— Schœnolirion *Torr.* [Boston, *etc.* 1876.] 8°.
American naturalist, 1876, x, 426–429.

——— School and field book of botany. Consisting of "First lessons in botany," and "Field, forest, and garden botany." New York, *etc.* 1869 ['68–69]. l. 12°. pp. [4], xii, 236, 386. Illustr.
Each work has a separate title-page and pagination.

——— *The same.* New York. 1873 [cop. 1868]. l. 12°. pp. [4], xii, 236, 386. Illustr.
Each work has a separate title-page and pagination.

——— Scientific papers; selected by C. S. Sargent. 2 vol. Boston, *etc.* 1889. 8°.
I. Reviews of works on botany and related subjects, 1834–1887. pp. viii, 397.— II. Essays; biographical sketches, 1841–1886. pp. iv, 503.

——— editor. Selections from the scientific correspondence of Cadwallader Colden with Gronovius, Linnæus, Collinson, and other naturalists. New Haven. 1843. 8°. pp. 51.
"From the *American journal of science and arts*," 1842, xliv, 85–133.

——— Sequoia and its history; an address delivered at the meeting [of the American association for the advancement of science] held at Dubuque, 1872. Salem. 1872. 8°. pp. 22.

——— [*The same.* New Haven. 1872.] 8°.
American journal of science and arts, 1872, 3d ser., iv, 282–298.

Gray, Asa. [*The same.* With appendix giving comparison of United States and Asiatic floras.] Cambridge. 1873. 8°.
Reprinted from *Proceedings of the American association for the advancement of science*, 1873, xxi, 1–31.

[———] Sir William Jackson Hooker. [New Haven. 1866.] 8°.]
"From the *American journ. of science and arts*," 1866, 2d ser., xli, 1–10. Signed "A. G."
